Re: ASF-1000 Anchoring System

Dear Ms. Thomas,

The Virginia Department of Transportation has evaluated Adhesives Technology's ASF-1000 Anchoring System as a chemical anchor fastening system. This product has met the requirements to be put on our approved list No. 29 for Chemical Anchors. Adhesives Technology's ASF-1000 must also meet our field requirements when used on the job site.

For this product to remain on Approved List No. 29, each year in November, Adhesives Technology will have to send Materials Division a notarized letter stating that the original formula has not changed.

Product:
ASF-1000

Manufacturer:
Adhesives Technology

Description:

ASF-1000 is a 2-component styrene free, acrylic system used for anchoring or doweling applications in good sound concrete using threaded rod or rebar.

If I can be of further assistance, please call me at (804) 328-3135.

Sincerely,

A handwritten signature in cursive script that reads "K. K. Williams".

Keith Williams
Engineer I
